

CIRCUIT WISE ELECTRICAL TEST REPORTS

FORM-CEIA-TECH-3

Name and Location of the premises:

Date of testing :

Insulation tester details :Test voltage _____, Make _____ Sl. No. _____

Sl. No.	Details of wires/cable in each individual supply line/circuit such as conductor materials and its size, its insulation grade, voltage grade, number of wires in each circuit etc.	From (Containing details of Panel/DB/SDB/Control from which the circuit starts including rating of switch gears)	To (Containing details of panel/DB/switch board/Control where the circuit ends including rating of switch gears)	No. of earthing conductor path and details of ECC	Insulation test results between conductor in Mega-Ohms	Insulation test result between conductors and earth in Mega-Ohms	Earth loop test results	Loads in each circuit watts

Signature of electrical supervisor with seal & date

Signature of electrical Contractor with seal & date
